The beauty of nature

The beauty of nature lies in its freshness, openness, slow breeze and the warm sun - relief for our brains. Nature is made of everything we see around us the trees, flowers, plants, animals, sky, mountains, forests and more. We find many colors in nature which make the Earth beautiful.

Nature provides us air to breathe, water to drink, soil to make a home and the land to stay. It gives us fruits, vegetables and grains to eat. Nature is a precious gift given to us by God. Hence, we should enjoy nature without disturbing its balance.
